STETHOSCOPES

FEATURE CHART III

Adscope™ 600

The ultimate acoustic stethoscope

Features:

Benefits:

Stainless Steel Construction	For the ultimate in acoustic performance and rugged durability
Multi-frequency Design	Allows detection of both Low and High Frequency sounds without the need to switch chestpiece sides
Bi-lumen (two tube in one) design	Greater stereo Separation without the risk of incidental rubbing
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort
Non-chill Diaphragm Rim	For Patient comfort
Binaural tubes fixed at 15°	For improved ergonomics
Sculpted Chestpiece	For a secure, stress free grip
Lifetime Warranty on Metal Parts	Protects the owner's investment

FEATURES

INTENDED USES

Adscope™ 602

One of the finest acoustic scopes available, the 602 Cardiology model combines precision crafted performance with rugged durability

Features:

Benefits:

Stainless Steel Construction

For the ultimate in acoustic performance and rugged durability

Traditional Diaphragm/Bell Chestpiece

Time proven design for detecting the broadest possible range of high and low frequency sounds

Bi-lumen (two tube in one) design

Greater stereo Separation without the risk of incidental rubbing

ULTRA ADSOFT™ Threaded Eartips

For the ultimate in acoustic performance and wearer comfort

Non-chill Diaphragm Rim

For Patient comfort

Binaural tubes fixed at 15°

For improved ergonomics

Lifetime Warranty on Metal Parts

Protects the owner's investment

ADSCOPE™ 602
Cardiology

Adscope™ 603

One of our most popular acoustic scopes, the 603 combines outstanding acoustic performance with rugged durability

Features:

Benefits:

Stainless Steel Construction

For the ultimate in acoustic performance and rugged durability

Traditional Diaphragm/Bell Chestpiece

Time proven design for detecting the broadest possible range of high and low frequency sounds

Reinforcing Yoke in Binaural Assembly

Increases durability

ULTRA ADSOFT™ Threaded Eartips

For the ultimate in acoustic performance and wearer comfort

Non-chill Diaphragm and Bell Rim

For Patient comfort

Binaural tubes fixed at 15°

For improved ergonomics

Lifetime Warranty on Metal Parts

Protects the owner's investment

Wide selection of colors

For personalization, or departmental coding

ADSCOPE™ 603
Acoustic

Adscope™ 604 / 605

Legendary acoustics and performance in our finest Adscope™ in scaled down versions for exceptional functionality for pediatric and infant care

Features:

Benefits:

Stainless Steel Construction	For the ultimate in acoustic performance and rugged durability
Traditional Diaphragm/Bell Chestpiece	Time proven design for detecting the broadest possible range of high and low frequency sounds
Reinforcing Yoke in Binaural Assembly	Increases durability
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort
Non-chill Diaphragm and Bell Rim	For Patient comfort
Binaural tubes fixed at 15°	For improved ergonomics
Lifetime Warranty on Metal Parts	Protects the owner's investment
Wide selection of colors	For personalization, or departmental coding

ADSCOPE™ 604 / 605
Acoustic Pediatric / Infant

Adscope-Lite™ 609

The Adscope-Lite™ is the only affordably priced stethoscope to combine superior acoustic response with an ultra lightweight design

Features:

Benefits:

Aluminum Alloy Construction	Balances acoustic performance with lightweight comfort
Traditional Diaphragm/Bell Chestpiece	Time proven design for detecting the broadest possible range of high and low frequency sounds
Reinforcing Yoke in Binaural Assembly	Increases durability
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort
Non-chill Diaphragm and Bell Rim	For Patient comfort
Binaural tubes fixed at 15°	For improved ergonomics
Wide selection of colors	For personalization, or departmental coding

ADSCOPE-LITE™ 609

Proscopes™ 664 / 665

The first disposable scopes with performance so good you might want to keep it

Features:

Benefits:

Lightweight aluminum binaural (664 Only)	Durable, yet lighter weight than brass
Completely disposable stethoscope with no metal parts (665 Only)	Easily incinerated
Ultra lightweight	For comfort and cost effectiveness
Multi-level packaging (ea in poly bag, 10/ctn, 10 ctn/case)	Improved stock control
664 available in Yellow 665 available in Yellow and Royal Blue	For infection control areas

PROSCOPE™ 664
Disposable

PROSCOPE™ 665
Disposable

Proscope™ 675

Institutional Pediatric Scope

Features:

Benefits:

Traditional Diaphragm/Bell Chestpiece	Time proven design for detecting the broadest possible range of high and low frequency sounds
Specially sized chestpiece	Ideally suited for pediatric applications
Lightweight aluminum construction THROUGHOUT	Durable, yet extraordinarily comfortable
Extra long binaural (up to 1/2" longer than competing brands)	Provides greater comfort for the practitioner
Non-chill diaphragm Rim	For Patient comfort
Spare Mushroom Eartips	For practitioner wearing comfort
Wide selection of colors	For personalization, or departmental coding

PROSCOPE™ 675
Institutional Pediatric Scope

Proscope™ 676

Institutional Infant Scope

Features:

Benefits:

Traditional Diaphragm/Bell Chestpiece	Time proven design for detecting the broadest possible range of high and low frequency sounds
Specially sized chestpiece	Ideally suited for infant applications
Lightweight aluminum binaural	Durable, yet lighter weight than brass
Extra long binaural (up to 1/2" longer than competing brands)	Provides greater comfort for the practitioner
Non-chill Diaphragm Rim	For Patient comfort
Spare Mushroom Eartips	For practitioner wearing comfort
Wide selection of colors	For personalization, or departmental coding

PROSCOPE™ 676
Institutional Infant Scope

Proscope™ 660

ADC Nurse style Proscope™ combines lightweight comfort, sensitive acoustics, and handsome styling, with truly affordable pricing

Features:	Benefits:
Lightweight aluminum construction	Durable, yet extraordinarily comfortable, weighs just 3 oz.
Extra long binaural (up to 1/2" longer than competing brands)	Adjustable providing greater comfort for the practitioner. Overall length 32"
Proprietary diaphragm/rim design	Enhances acoustic performance by up to 50%. Ideally suited for blood pressure measurement
Non-chill diaphragm Rim	For Patient comfort
Spare Mushroom Eartips	For practitioner wearing comfort
Wide selection of colors	Choice of 21 colors for personalization, or departmental coding

PROSCOPE™ 660
Nurse Style

Proscope™ 670

ADC Proscope™ combines lightweight comfort, sensitive acoustics, in a versatile Dual-Head scope

Features:	Benefits:
Combination Diaphragm/Bell Chestpiece	Time proven design for detecting the broadest possible range of high and low frequency sounds
Lightweight aluminum construction	Durable, yet extraordinarily comfortable
Extra long binaural (up to 1/2" longer than competing brands)	Provides greater comfort for the practitioner. Overall length 32"
Proprietary diaphragm/rim design	Enhances acoustic performance by up to 50%
Non-chill diaphragm Rim	For Patient comfort
Spare Mushroom Eartips	For practitioner wearing comfort
Wide selection of colors	For personalization, or departmental coding

PROSCOPE™ 670
Dual-Head

Proscope™ 662

Specialty institutional traditional Bowles Scope

Features:	Benefits:
Lightweight aluminum binaural	Durable, yet lighter weight than brass
Extra long binaural (up to 1/2" longer than competing brands)	Provides greater comfort for the practitioner
Non-chill diaphragm Rim	For Patient comfort
Spare Mushroom Eartips	For practitioner wearing comfort

PROSCOPE™ 662
Bowles Scope

Adscope™ 612 / 614

The lightweight version of our world famous multi-frequency scopes now in both adult and pediatric sizes

Features:	Benefits:
Zinc Construction	Provides the acoustic performance of Stainless steel without the cost
Multi-frequency Design	Allows detection of both Low and High Frequency sounds without the need to switch chestpiece sides
Reinforcing Yoke in Binaural Assembly	Increases durability
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort
Non-chill Diaphragm Rim	For Patient comfort
Binaural tubes fixed at 15°	For improved ergonomics
Sculpted Chestpiece	For a secure, stress free grip
Lifetime Warranty on Metal Parts	Protects the owner's investment

ADSCOPE™ 612 / 614
Platinum Edition Adscope-Lite™

Adscope™ 615

A convertible scope that combines the versatility of our Sprague with the acoustic excellence of our 602

Features:	Benefits:
Stainless Steel Construction	For the ultimate in acoustic performance and rugged durability
Traditional Diaphragm/Bell Chestpiece	Time proven design for detecting the broadest possible range of high and low frequency sounds
Convertible Chestpiece	Provides versatility for use with multiple patients
Bi-lumen (two tube in one) design	Greater stereo Separation without the risk of incidental rubbing
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort
Non-chill Diaphragm Rim	For Patient comfort
Binaural tubes fixed at 15°	For improved ergonomics
Lifetime Warranty on Metal Parts	Protects the owner's investment

ADSCOPE™ 615
Platinum Professional Edition

Adscope™ 617 / 618

Our newest multi-frequency scope with a fresh face!

Features:	Benefits:
Construction	Distinctive molded resin animal face chestpiece in choice of adult or pediatric sizes
Multi-frequency Design	Multi-frequency design combines the acoustic response of a traditional bell and diaphragm into a single sided chestpiece
Reinforcing Yoke in Binaural Assembly	Increases durability
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort
Gasketed Diaphragm	Switches between bell-like low frequency and diaphragm-like high frequency performance simply by altering pressure
Aluminum Binaural tubes fixed at 15°	For improved ergonomics
Snap-on Chestpiece	7 interchangeable Animal face snap-ons include: Panda, Frog, Koala, Deer, Monkey, Tiger, and Bear
Five Year Warranty	Protects the owner's investment

ADSCOPE™ 617 / 618
Stethoscopes

Adscope™ 640BK / 641

Our exclusive design features an improved valve mechanism that virtually eliminates acoustic leakage and a chestpiece key to facilitate after market service

Features:	Benefits:
Zinc chestpiece Construction	Provides the acoustic performance of Stainless steel without the cost
Convertible Chestpiece	Provides versatility for use with multiple patients
Traditional Diaphragm/Bell Chestpiece	Time proven design for detecting the broadest possible range of high and low frequency sounds
Double Tube configuration	Provides enhanced acoustic performance and stereo separation
Patented Valve mechanism	Virtually eliminates acoustic leakage found on competing sprague designs
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort (641 only)
Gasketed drum	Improves acoustic performance and security of chestpiece attachments
Chestpiece key	Facilitates removal of worn or damaged diaphragms.
Wide selection of colors	For personalization, or departmental coding (641 only)

ADSCOPE™ 640BK / 641
Sprague Rappaport

Adscope™ 657

The next generation in electronic stethoscopy, combining impressive acoustic amplification, electronic noise filtering and comfortable ergonomic design

Features:	Benefits:
3 listening modes	For the broadest possible frequency response
Contact microphone	ONLY picks up sounds detected from what the chestpiece touches eliminating a lot of ambient noise
8 step volume control	Allows very precise control of desired volume
16x amplification	Provides 24db boost over traditional acoustic scopes
Remembers last mode and volume	Practitioner need not reset the volume control or mode each time the instrument is used
“AAA” Alkaline Battery	Provides up to 180 hours continuous use
3 minute Auto Off	Conserves battery life
Auto Off Cancel	Touching ANY button resets the auto off counter to 0
Low battery warning LED	Light changes from amber to red to indicate weakening battery
Binaural tubes fixed at 15°	For improved ergonomics
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort

ADSCOPE™ 657
Electronic Scope

Adscope™ 647 Sprague-1

ADC's legendary Sprague with a lightweight single tube design for greater comfort and convenience.

Features:	Benefits:
Zinc chestpiece Construction	Provides the acoustic performance of Stainless steel without the cost
Convertible Chestpiece	Provides versatility for use with multiple patients
Traditional Diaphragm/Bell Chestpiece	Time proven design for detecting the broadest possible range of high and low frequency sounds
40% thicker Y Tubing	Reduces the weight and bulk of traditional spragues
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort
Patented Valve mechanism	Virtually eliminates acoustic leakage found on competing sprague designs
Gasketed drum	Improves acoustic performance and security of chestpiece attachments
Chestpiece key	Facilitates removal of worn or damaged diaphragms.

ADSCOPE™ 647
Sprague-1™

Adscope™ 655 VistaScope

A unique chestpiece design with 8 interchangeable designer diaphragms which provides up to twice the amplification of ordinary acoustic scopes

Features:	Benefits:
Oversized Acrylic Chestpiece	Improves acoustic performance by creating a resonant chamber
Interchangeable diaphragms which show through chestpiece	Allow the practitioner to personalize their scope
Reinforcing Yoke in Binaural Assembly	Increases durability
German Stainless Steel binaural	Rugged durability without the extra weight
ULTRA ADSOFT™ Threaded Eartips	For the ultimate in acoustic performance and wearer comfort
Binaural tubes fixed at 15°	For improved ergonomics
Lifetime Warranty on Metal Parts	Protects the owner's investment

ADSCOPE™ 655
VistaScope
