

Aneroid

Wall, Rail and Mobile

Part Number: AM-DB-LF2118

Features:

- Luminescent dial is readable in low light
- Accurate to within 3 mmHg
- Large 6" (15.2 cm) dial
- Recessed dial face reduces parallax errors
- Lens minimizes reflection to diminish distracting mirror effect
- Thermally treated diaphragm maintains calibration
- 110° gauge swivel for easy viewing
- Available with latex-free blood pressure cuff and 8 ft (2.4 m) coiled tubing inflation system
- Reliable jeweled movement
- No pin stop movement
- Mercury free
- Lifetime calibration warranty
- Independent basket allows convenient placement for increased usability
- Large basket easily holds multiple cuff sizes
- Countless wall and rail mounting configurations available

Amico Diagnostic Incorporated uses precision manufactured components to construct BP Aneroid Sphygmomanometers, providing an accurate reading within 3 mmHg. The clarity of the dial makes it easy to read, and features a scratch and shatter resistant lens. Available with a wide variety of blood pressure cuff and connector configurations.

Part Number: AM-AL-LF2118

Mobile Mounting

Features:

- Luminescent dial is readable in low light
- Accurate to within 3mmHg
- Large 6" (15.2 cm) dial
- Recessed dial face reduces parallax errors
- Lens minimizes reflection to diminish distracting mirror effect
- Thermally treated diaphragm maintains calibration
- 110° gauge swivel for easy viewing
- Mercury free and latex-free
- Adjustable height from 34" to 48" (86.4 cm to 121.9 cm)
- 18" (45.7 cm) diameter weighted base for added stability
- Spring loaded post helps prevent equipment damage
- Integrated cuff storage
- Aneroid face angled upwards at 15° for ease of viewing

Rail Mounting

Add flexibility while simplifying installation by rail mounting to your existing headwalls, flatwalls, equipment booms and rail systems.

L-Bracket Mount

- Aneroid and basket mounted together on a single bracket
- Reduces congestion on the equipment rails
- Available with a variety of rail adapters

Model Shown: AM-AL-LF2118

Horizontal and Vertical Rail Mounts

Part Number: AM-VB-LF2118

Part Number: AM-AB-LF2118

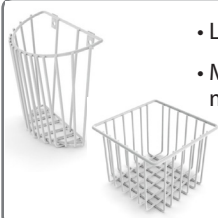

- Easy to move accessory adapters
- Independent cuff basket allows proper placement for ease of access
- Available with a variety of rail adapters

Aneroid Anatomy

Aneroid Accessories

Cuff Basket

- Low profile cuff storage
- Multiple sizes and mounts available
