

The first name in biopsy

Jamshidi™ biopsy devices

Jamshidi bone marrow biopsy needles and trays

The Jamshidi name has been synonymous with proven reliability and results in bone marrow biopsy products for more than 50 years. From our best selling original Jamshidi needle to the advanced technology of the T-handle Jamshidi needle and marrow acquisition cradle, Jamshidi products offer the dependability and advanced features that make them a first choice in bone marrow biopsy needles and trays.

T-handle Jamshidi needles

- Comfortable, ergonomic, two-piece handle designed to provide tactile feedback and increased control during needle insertion
- Super-sharp tip to provide excellent cortical penetration

Needles are packaged sterile with a probe and probe guide.
For single use only. Ten needles per case.
