McGRATH™ MAC video laryngoscope

The right fit for your routine

Inspired by insight – invested in safety

Better airway visibility drives better first-pass intubation success[1]. The McGRATH™ MAC video laryngoscope combines your core laryngoscopy skills with our evolved technology – so your first intubation attempt is your best.

The McGRATH™ MAC video laryngoscope provides[1,2]:

- Better subglottic visualization than traditional direct laryngoscopy
- Reduced airway complications
- Less hemodynamic stimulation than DL and certain VL

The McGRATH™ MAC video laryngoscope delivers confidence, simplicity, and convenience.

Confidence in a familiar technique

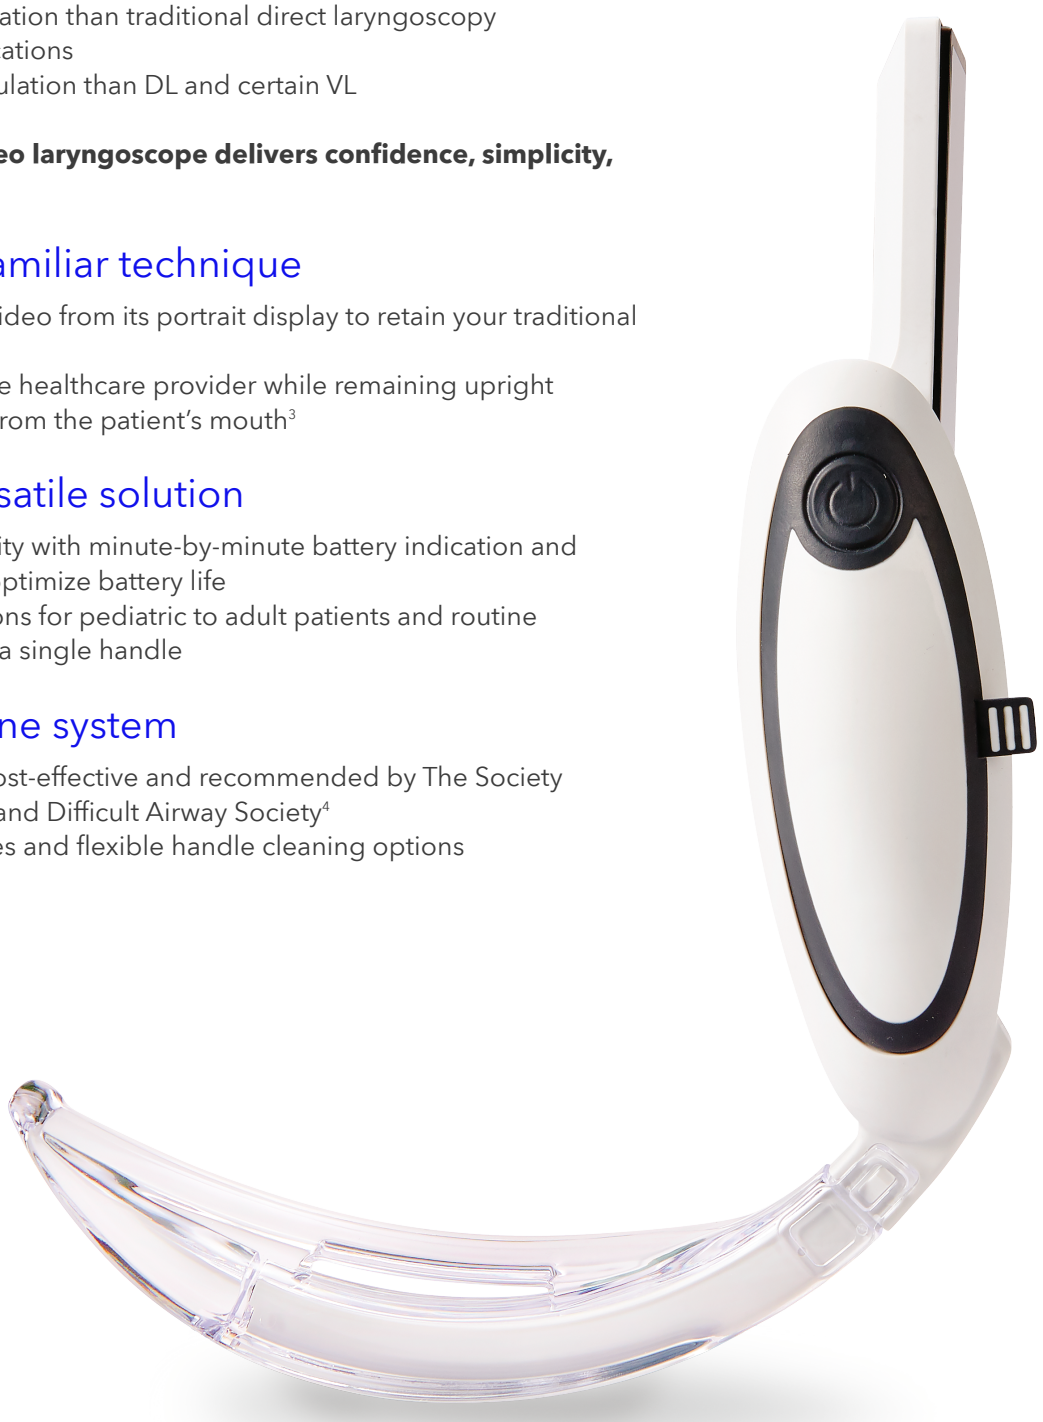
- Combines line of sight video from its portrait display to retain your traditional laryngoscopy skills
- Direct line of sight for the healthcare provider while remaining upright increasing the distance from the patient's mouth[3]

Simplicity in a versatile solution

- Single-button functionality with minute-by-minute battery indication and auto shut off feature to optimize battery life
- Multiple blade size options for pediatric to adult patients and routine extreme airways all with a single handle

Convenience in one system

- Video laryngoscopy is cost-effective and recommended by The Society of Airway Management and Difficult Airway Society[4]
- Sterile, disposable blades and flexible handle cleaning options



Ordering information

SKU No.	Description	Quantity
301-000-000	McGRATH™ MAC handle	1
350-082-000	McGRATH™ MAC blade size 1	10/box
350-072-000	McGRATH™ MAC blade size 1	50/box
350-084-000	McGRATH™ MAC blade size 2	10/box
350-017-000	McGRATH™ MAC blade size 2	50/box
350-086-000	McGRATH™ MAC blade size 3	10/box
350-005-000	McGRATH™ MAC blade size 3	50/box
350-088-000	McGRATH™ MAC blade size 4	10/box
350-013-000	McGRATH™ MAC blade size 4	50/box
X3-003-000	McGRATH™ MAC X blade size 3	10/box
340-000-000	Battery pack, 250-minute	1
300-000-100	Carry case	1

Technical specifications

McGRATH™ MAC handle	
Size	180 mm x 68 mm x 110 mm
Weight	180 g
Power	3.6V lithium battery pack (c. 250 minutes)
Light source	High-intensity LED
Display	2.5" LCD color display
Camera	CMOS
Materials	Durable medical-grade thermoplastics composite with structural alloy core. The device and packaging are latex free.
Warranty	36 months

McGRATH™ MAC disposable blades	
Material	Fog-free, medical-grade, optical polymer
Packaging	Packaged sterile for single use
